Course Description

Introduces students to the subject of religion in the broad anthropological context, contributes to a deeper awareness of diverse expressions of religious faith in a multicultural world, and promotes openness to and tolerance of world views different from the student's own.

Course learning outcomes

1. Comprehend the complexity and diversity of religious systems
2. Analyze the cultural context that informs religious systems
3. Identify major concepts of the discipline and apply them to particular situations
4. Synthesize and analyze ideas and information from various sources to improve academic writing skill
