Prerequisites with concurrency

AV 115, AV 227A, AV 227B, AV 227C (or Private Pilot Certificate), AV 215, AV 227D, AV 227E, AV 227N (or Instrument Pilot Certificate), AV 225, AV 227F, AV 227G, AV 227H (or Commercial Pilot Certificate), AV 255, and instructor approval based on proof of valid Second Class (or higher) Medical Certificate.

Course Description

Develops and assesses instructional techniques of ground and flight training, analysis of maneuvers, aircraft performance, and federal aviation regulations applicable to flight instructors. Includes compliance with Federal Aviation Administration flight hour and certification requirements.

Course learning outcomes

1. Perform certified flight instructor flight maneuvers as defined by the Federal Aviation Administration Helicopter Pilot Practical Test Standards to a certified flight instructor standard.
2. Summarize Federal Aviation Administration Helicopter Commercial Pilot Practical Test Standards to a certified flight instructor standard.
3. Apply aeronautical decision-making skills (risk management, situational awareness, and single pilot resource management) to real-time flight scenarios.

Content outline

1. Flight maneuvers
2. Systems operation
3. Communications
4. Performance and limitations
5. Regulations

Please see the entrance requirements in the program catalog page for associated course costs.

Required materials

1. Aviators headset
2. Navigation kit
