FEMA I-200, L-180 Human Factors, and basic computer skills.

Course Description

Introduces tools and techniques used to perform the duties of a status check-in recorder (SCKN). Provides an overview of what a student can expect if dispatched to an incident. This is an NWCG certified course.

Course learning outcomes

1. The following learning outcomes are those of the National Wildfire Coordinating Group (NWCG).
2. Set up and manage a check-in/check-out station.
3. Process information using incident automation software and other paper based methods.
4. Package incident data and reports for distribution according to the incident protocols.
5. Plan and prepare resources to assist with demobilization.
