

CYBERSECURITY AND NETWORKING - ASSOCIATE OF APPLIED SCIENCE OPTION (AASO)

Description

The Computer and Information Systems program is designed around a core curriculum and three distinct options. The program's core provides an introduction to computer concepts, software applications, operating systems, networking, database, computer servicing, internet, math, human relations, and writing. Graduates work in information technology for a wide variety of commercial businesses, education, federal/state/local governments, e-commerce, publishing, and real estate. Careers typically include positions such as personal computer technician, desktop support, network administrator, web developer, draftsman, database administrator, system administrator, and related managerial and administrative roles.

The Cybersecurity and Networking option prepares students for entry-level positions in network administration and network security. Students who have completed the option will have the ability to design, create, manage, secure, and maintain computer networks for small businesses. Courses cover both hardware and software and closely follow major industry certification requirements.

Program Learning Outcomes

Upon successful completion of the degree, students will be able to:

1. Demonstrate the ability to plan, execute, and manage the most current version of both the Windows Server and Windows client operating systems for small to mid-sized businesses.
2. Develop Cisco solutions for use in routing, analyzing, and securing data over local, wide, and wireless networks.
3. Demonstrate currency in information technology knowledge and skills through continuous education and research.
4. Apply best practices in the acquisition and use of hardware and software for targeted scenarios.
5. Implement and secure small to medium-sized networks.

Entrance Requirements

Academic Entrance Requirements

Recommended:

- High school diploma or GED
- Completion of WR 065 Rhetoric and Critical Thinking II (or higher) or minimum placement Wr/Comm Level 7
- Completion of MTH 060 Beginning Algebra (or higher) or minimum placement Math Level 10
- Basic computer competency or CIS 010 Computer Keyboarding and CIS 070 Introduction to Computers: Windows

Additional Costs (Beyond Standard Tuition/Fees and Textbooks)

Material Costs

Recommended:

- 16 to 64 GB portable storage (USB drive or SSD drive): \$20 to \$100
- A desktop or laptop computer capable of running the latest version of Windows operating system and the latest version of Microsoft Office: approximately \$800
- Reliable high-speed internet access

Course Requirements

Course	Title	Credits
Core Courses		
CIS 101	Information Technology Orientation	3
CIS 122	Introduction to Programming	4
CIS 124	Tech+	4
CIS 131	Software Applications	4
CIS 135DB	Database Theory/SQL	4
CIS 140	A+ Essentials I	4
CIS 145	A+ Essentials II	4
CIS 179	Networking Essentials	4
CIS 183C	Introduction to Cybersecurity	4
CIS 195	Web Development I	4
CIS 244	Information Systems Analysis	4
CIS 279WC or CIS 179L	Windows Client Linux Essentials	4
CIS 297	CIS Professional Capstone	4
Networking Option		
Choose a minimum of 27 credits from the following:		27
CIS 179CL	Cloud Essentials	
CIS 279SC	Windows Server Configuration	
CIS 279L	Linux+	
CIS 279SE	Security+	
CIS 283CA	Cybersecurity Analyst	
CIS 284EH	Ethical Hacking	
CIS 279OP	Cybersecurity Operations	
CIS 280	Co-op Work Experience CIS	
Other Required Courses		
BA 214 or WR 227Z	Business Communications Technical Writing	3-4
COMM 111Z or COMM 218Z or COMM 219	Public Speaking Interpersonal Communication Small Group Communication	4
Human Relations:		3-5
MTH 102	Applied Technical Mathematics (or choose one course from the foundational requirements math list)	4
WR 121Z	Composition I	4
Total Credits		96-99

Advising Notes

Core courses are all offered two to three quarters each academic year. All option courses are offered one to two quarters an academic year.

Planning ahead is important. Students may take non-program support courses any term to build skills related to prerequisites.

This degree is designed for students planning to enter their chosen career upon graduation. Often only selected credits are considered transferable to public or private baccalaureate institutions.

Performance Standards

- Academic Requirements:
 - Students must have a 2.0 cumulative GPA to earn a COCC certificate or degree.
 - All courses in the program must be completed with a grade of C or higher.
- Additional Requirements:
 - All COCC students enrolled in the Computer Information Systems program (which includes requirements for Cooperative Work Experience) may have to pass Criminal History Checks (CHC) as a condition of their acceptance into a work site. Students who do not pass the CHC may not be eligible to complete requirements at affiliated practicum sites or be hired for some professional positions. Students who believe their history may interfere with their ability to complete the program of study should contact the program director.

CIS 279WC or CIS 179L	Windows Client or Linux Essentials	4
Credits		16
Fifth Term		
CIS 279SE	Security+	4
CIS 244	Information Systems Analysis	4
CIS 279L	Linux+	4
CIS 279SC	Windows Server Configuration	4
Credits		16
Sixth Term		
CIS 297	CIS Professional Capstone	4
CIS 279OP	Cybersecurity Operations	4
CIS 283CA	Cybersecurity Analyst	4
CIS 284EH or CIS 280	Ethical Hacking or Co-op Work Experience CIS	3-4
Credits		15-16
Total Credits		96-100

Sample Plan

First Term		Credits
CIS 101	Information Technology Orientation	3
CIS 124	Tech+	4
MTH 102	Applied Technical Mathematics (or choose one course from the foundational requirements math list)	4
WR 121Z	Composition I	4
Credits		15

Second Term		
BA 214 or WR 227Z	Business Communications or Technical Writing	3-4
CIS 140	A+ Essentials I	4
CIS 145	A+ Essentials II	4
CIS 183C	Introduction to Cybersecurity	4
Credits		15-16

Third Term		
CIS 122	Introduction to Programming	4
CIS 131	Software Applications	4
<u>Human Relations:</u>		3-5
CIS 179	Networking Essentials	4
COMM 111Z or COMM 218Z or COMM 219	Public Speaking or Interpersonal Communication or Small Group Communication	4
Credits		19-21

Fourth Term		
CIS 135DB	Database Theory/SQL	4
CIS 179CL	Cloud Essentials	4
CIS 195	Web Development I	4
