

EMERGENCY MEDICAL TECHNICIAN - ONE-YEAR CERTIFICATE OF COMPLETION (CC1)

Description

The Emergency Medical Technician One-Year Certificate of Completion is designed for students seeking entry-level jobs as emergency medical technicians (EMT). Courses provide eligibility to take the EMT license exam and include required training to legally operate an ambulance. In addition, this certificate is contained within the Associate of Applied Science in Paramedicine, so students who wish can continue seamlessly to paramedicine. Jobs for EMT graduates include positions in municipal paid departments and the wildland fire community for the US Forest Service, Bureau of Land Management, Oregon Department of Forestry, and Bureau of Indian Affairs.

Students only seeking EMT Certification and not interested in additional courses at this time can do so by taking only EMT 151 Emergency Medical Technician Part A and EMT 152 Emergency Medical Technician Part B.

Program Learning Outcomes

Upon successful completion of the certificate, students will be able to:

1. Patient Care: apply appropriate and safe patient assessment, treatment, and care within the EMT scope of practice.
2. Clinical Knowledge: generate a field impression that accurately identifies and appropriate care plan based in current medical best practices.
3. Systems Knowledge: apply appropriate assessment of safety, resource, and transportation needs while in the field.
4. Interpersonal Communication 1: demonstrate therapeutic communication, cultural sensitivity, and leadership while providing an appropriate transfer of care report.
5. Interpersonal Communication 2: compose professional written documentation of the patient encounter.
6. Personal and Professional Development: demonstrates the professional behaviors, interpersonal respect, and ethical values expected of EMTs.

Entrance Requirements

Academic Entrance Requirements

The following are recommended so students can complete the certificate in one year:

- Completion of WR 065 Rhetoric and Critical Thinking II or higher or minimum placement Wr/Comm Level 7
- Completion of MTH 015 Basic Mathematics or higher or minimum placement Math Level 7

Other Entrance Requirements

Required:

- Students must have a high school diploma or GED.
- Students must be 18 years or older before beginning any EMT class.
- A current AHA Health Care Provider CPR card is required before placement into EMT and paramedic courses; card must remain

current throughout program. No other CPR training may be substituted to satisfy this requirement.

- Uploaded and verified required immunizations as set forth in clinical agreement with St. Charles hospital system, including hepatitis B, current TB, MMR, annual influenza, tetanus within previous 10 years, varicella, and COVID-19.
- All students enrolled in the program must pass a background check as a condition of acceptance into a medical, fire, or other facility for training. Students who do not pass the background check may not be eligible to complete training at affiliated sites, to sit for licensure or certification exams, or to be hired for some professional positions. Students who believe their personal history may interfere with their ability to complete the program of study or to obtain licensure or certification in their chosen field should contact the appropriate state board and the program director.
- Before entry into a health profession program, students must complete a 10-panel urine drug screen with Verified Credentials, Inc. With the exception of certain prescribed medications, students with a positive drug screen, which prevents them from attending clinical, will be disqualified from entering the program.

Additional Costs (Beyond Standard Tuition/Fees and Textbooks)

Material Costs

- CPR for Healthcare Provider card: \$99
- Background check: \$55
- Drug screen: \$55
- Verified Credentials, Inc. immunization upload: \$15
- My Clinical Exchange upload for St. Charles: \$36.50
- Immunizations: \$20 to \$200
- Materials (stethoscope, field manual, uniforms, etc.): \$50 to \$250
- Testing fees, including National Registry computer exams, practical skills testing, fingerprint/background, and possible travel outside the area for paramedic testing: \$250 to \$1,000

Course Requirements

Course	Title	Credits

or HHP 266	Nutrition for Health	

or HHP 295	Health and Fitness	
WR 121Z	Composition I	4
Core Courses		
AH 111	Medical Terminology	3
BI 231	Human Anatomy and Physiology I	4
BI 232	Human Anatomy and Physiology II	4
BI 233	Human Anatomy and Physiology III	4
EMT 151	Emergency Medical Technician Part A	6
EMT 152	Emergency Medical Technician Part B	6
EMT 170	Emergency Response Communication/ Documentation	2
EMT 171	Emergency Response Patient Transport	2
EMT 195	Crisis Intervention for the Emergency Medical Provider	3
FIRE 103	Fire and EMS College Success	1
FIRE 104	Introduction to Emergency Services	4
FIRE 130	Rescue Practices	3
EMS Elective:		3-5
ANTH 103	Cultural Anthropology	
BI 234	Microbiology	
CJ 100	Introduction to Criminal Justice	
EMT 163	Advanced EMT Part I	
EMT 164	Advanced EMT Part II	
OL 244	Psychology of Risk and Adventure	
PSY 101	Applied Psychology	
PSY 201Z	Introduction to Psychology I	
PSY 202Z	Introduction to Psychology II	
PSY 216	Social Psychology	
SOC 204Z	Introduction to Sociology	
Total Credits		58-62

¹ Students that are also completing the Fire Science degrees or planning to transfer must take either MTH 105Z Math in Society or MTH 111Z Precalculus I: Functions.

Advising Notes

Speak with the program director or an advisor to ensure understanding state and national testing process for EMT.

The certificate may take longer than a year to complete depending on support courses needed to meet minimum course requirements.

Performance Standards

- Students must have a 2.0 cumulative GPA to earn a COCC certificate or degree.
- All courses in the program must be completed with a grade of C or higher.
