## Advising Notes

Students pursuing a Bachelor of Arts degree after transfer should consider completing three terms of a 200-level language course. The 100-level language courses will count as electives. The 200-level language courses can be applied to partially fulfill the arts and letters requirement.

Students pursuing a Bachelor of Fine Arts degree should consider taking two terms of Western art history and one of non-Western art history. ARH courses can be applied to partially fulfill the arts and letters requirement.

Students pursuing transfer to an upper-division arts school or program will typically be required to have completed core foundational art courses. Recommended foundational art courses are ART 115 Basic Design: 2-D, ART 116 Basic Design: Color, ART 117 Basic Design: 3-D, and ART 131 Beginning Drawing; these courses can be applied to partially fulfill the arts and letters requirement.

Successful transfer to an upper-division arts school or program is usually based not only on transcripts but also on the student's portfolio. Students seeking transfer to an accredited art school in Oregon or elsewhere are encouraged to work closely with their advisors to build that portfolio and to take ART 197 Portfolio Development.

Students pursuing transfer to an upper-division arts school or program will typically have a discipline emphasis. Recommended courses based on emphasis:
